FUN

COA Elite was established in 2018. You can rest assured that the great minds behind it have been around for years. We have been to The Summit and Worlds stages and look forward to the challenge of developing new athletes to that same level. We strive to deliver a safe learning environment, while maintaining a fun family atmosphere. Our athletes work under the direction of caring coaches who can assist them in succeeding to the best of their ability. We hope to bring increased recognition to cheerleading as a competitive sport.

Here at COA Elite, our goal is to encourage a good sense of self-esteem, discipline, teamwork, leadership, and physical strength. Athletes will be taught routines that will exemplify these skills and will showcase these routines at regional and national competitions.

Financial Commitment

Before considering this or any program, please consider the financial commitment involved. All-Star cheer, while not as costly as many other traveling competitive activities, is still expensive. You may find programs that advertise lower rates, however, when considering the overall value per dollar you will find COA is highly competitive.

Our pricing is ALL-INCLUSIVE including team gear. There will be no unexpected costs (travel costs, team bonding events, etc., are excluded). We provide you with the payment schedule so that you may plan ahead for the heavier bulk payments and to lessen the financial burden during travel season.
